Profile Summary

Self-motivated Computer Science student with hands-on experience in Java, JavaScript, and full-stack web development. Skilled in building web applications using React.js, Node.js, and modern databases. Experienced in developing projects such as a Doctor Appointment Booking System and Expense Tracker. Passionate about learning new technologies and building scalable, user-friendly applications.

Education

Lakshmi Naraian College of Technology And Science

Bhopal B.Tech-CSE (ARTIFICIAL INTELLIGENCE & MACHINE LEARNING)

2022 – 2026

CGPA: 7.87

Govt. Excellence School

Betul Higher Senior Secondary

2021 – 2022

Percentage: 71.4%

Govt. Excellence School

Betul High School

2019 – 2020

Percentage: 85.3%

SKILLS

Programming Language -> Core Java | HTML & CSS | JavaScript | SQL

Framework libraries -> React.js | Node.js | Tailwind CSS

Database -> MySQL, SQL Server, PostgreSQL, MongoDB

Tools -> Git | Github

Soft skills -> TeamWork | Communication and Coordination | Problem Solving

Projects

Doctor Appointment Booking System

- Developed a full-stack web application for booking doctor appointments, enabling patients to easily find and schedule consultations with healthcare professionals. Doctor Profiles: Created dynamic doctor profiles including specialization, availability, and ratings.
- Built a full-stack doctor appointment booking system with secure JWT-based login for doctors and patients, dynamic doctor profiles, and real-time appointment scheduling.
- Integrated an admin panel for managing users, doctors, appointments, with email alerts and responsive UI. Responsive
- Technologies: React, JavaScript, Node.js, Express.js, MongoDB, Redux, REST API, JWT.

macOS Inspired UI Clone

- Developed a macOS-style desktop interface featuring dock, desktop icons, and window management system.
- Implemented smooth hover effects and window open/close animations using CSS and JavaScript.
- Built reusable UI components using React's component-based architecture.
- Designed a responsive layout to simulate real operating system behavior across different screen sizes.
- Enhanced user experience through interactive UI elements and visual effects.
- Technologies: React.js, JavaScript, HTML, CSS

Experience and Extra Curricular

- Competed in organized gaming tournaments; applied team coordination, strategy planning, and rapid tactical execution under competitive conditions.
- Assisted in coordinating campus recruitment drives, managing student communication, and supporting company interaction processes.

Certification And Achievements

- Java Programming Fundamentals – Infosys Springboard
- Introduction to Cybersecurity – Cisco Networking Academy
